Dear Ms. Mitchell,

Congratulations on launching the Fourth Annual National Black Pre-Law Admissions and Preparation Conference and Law Fair of 2008.

I applaud you for being one of our nation's premier organizations, focusing on preparing African American students for success in the field of law. The need to diversify our nation's law schools is critical.

Thank you for your diligent work and many contributions to preparing the next generation of lawyers and leaders.

Sincerely,

Barbara Lee
